

Entrepreneurship and Challenge-based Learning Workshop

Friday, 12 October, 2018 | 9.30.00am - 1.00pm

Industry Leader Development Program

The Victorian TAFE Association and the International Specialised Skills Institute (ISSI) are pleased to continue its Industry Leader Development Program. The Program is proudly supported by the VTA and the ISSI's Incoming Industry Leader Program .

Two workshops will be held (one on 11 October and another on 12 October) that will provide fresh perspectives and knowledge to advance Victorian VET.

About TKNIKA

The workshops will be delivered by experts from TKNIKA, one of Europe's leading VET promotional organisations. TKNIKA an institute of innovation created by the Basque Ministry of Education. Its mission is to place Basque Vocational Training at the European forefront by developing innovative projects in the areas of technology, education and management. A core part of its activities is to make research and applied innovation fundamental elements of Vocational Education and Training in the Basque country.

About the facilitators

Jon Zarraga

Jon Zarraga is Manager of Internationalization in TKNIA's Internationalization Area. Jon is involved in several European projects dealing with leadership, entrepreneurship and innovation. He has participated in several workshops and seminars organised by the European Commission, TA3-Transatlantic Technology and Training Alliance, the European Association on Institutions in Higher Education and the Universidad Técnica Federico Santa María de Chile. He is a member of the Steering Committee of the TA3, among other internationalization networks.

Prior to joining TKNIKA, Jon was adviser to companies and SMES on internationalisation and processes in other countries. Jon holds a degree in Law from The University of the Basque Country.

Mikel Arana

Mikel Arana is part of TKNIA's Entrepreneurship and Change of Management division, working in programs and networks to instill entrepreneurship into current and former VET students. As part of his role in these programs, Mikel those who operate businesses and are thinking of retiring in contact with current and former students. He also manages a network of starts up owned by current and former VET students. Mikel has presented at national conferences, including in Logroño, San Sebastian and Madrid.

Mikel Arana holds a degree in Law from the University of Basque Country and Master in Business Administration from the Carlos III University.

About this workshop

More and more, demand is increasing for professionals whose technical skills are complemented by skills such as teamwork, creativity, ability to adapt to change, entrepreneurship, digital skills, communication and interpersonal skills.

Against this are increasing called for TAFE and the wider-VET sector to adapt teaching and training to deliver graduates who have these broad sets of skills.

The main objective of this workshop is to look at how new learning contexts can and have been incorporated into the classroom to allow for better development of well-rounded professionals, including the development of technical skills, soft skills, entrepreneurial culture and creative thinking.

This workshop will also analyse the situation in TAFE institutes in Australia.

Who should attend?

The workshop is open to TAFE leaders, policy makers and practitioners.
